Patient Advocate Foundation’s (“PAF’s”) Heart Valve Financial Aid Fund provides
financial assistance to patients who have been diagnosed with a qualifying Heart Valve
condition or disorder and who are in active treatment, have been in active treatment
within the past six (6) months or who will be in active treatment within the next 60 days. In
order to qualify for financial assistance from the Heart Valve Financial Aid Fund, the
patient must (1) have been diagnosed with a qualifying Heart Valve condition or disorder;
(2) be in active treatment, have been in active treatment within the past six (6) months or
who will be in active treatment within the next 60 days; and (3) meet the financial eligibility
requirements. The Heart Valve Financial Aid Fund provides a grant award to assist
patients with expenses related to transportation.

PAF will not consider the identity of any physician, provider, supplier of items or services,
donor, drug therapy, services or supplies being utilized, or the referral source when
assessing whether an applicant is qualified for financial assistance through the Heart
Valve Financial Aid Fund. Under no circumstances will PAF recommend or refer a patient
to any donor, provider, supplier, or product.

Qualifying patients are provided a one-time grant at the time they are approved for
assistance from the Heart Valve Financial Aid Fund. Financial assistance through the
Heart Valve Financial Aid Fund is provided on a first come, first served basis to the extent
the Financial Aid Fund has capacity to provide assistance. Enrollment in the Heart Valve
Financial Aid Fund, and receipt of the one-time grant, is a gift to the enrollee, based on
the availability of funding, and conditioned on use of the financial assistance for expenses
related to transportation. PAF has no contractual obligation to provide such assistance to
qualified enrollees.

Assistance from the Heart Valve Financial Aid Fund is not dependent on the use of a
particular drug, particular supplies, or particular provider or suppliers and patients are free
to switch drug therapies, treating physicians, pharmacies, and suppliers at any time
without affecting their continued eligibility for assistance.

Patient Advocate Foundation reserves the right to request additional information to verify
compliance with program eligibility guidelines. Failure to provide requested information
may result in the closure of the application for assistance. Additionally, if at any time it
becomes evident that information has been provided under false pretense the eligibility
process for assistance will be terminated.

Patients’ contact information may be used in the future to share printed and/or electronic
communications from PAF. If the patient does not wish to receive print and/or electronic
communications from PAF, he/she may contact the program at 1-855-824-7941 and
request to have his/her contact information removed from the mailing list.

Patients’ data may also be used in de-identified aggregated reports. This means that
information and data patients provide to PAF may be combined with other patients’ data
to prepare reports analyzing patient needs and the Heart Valve Financial Aid Fund. PAF
will only use de-identified patient data, i.e., patient data where all identifying data terms
like the patient’s name, identifying numbers, etc. have been removed.

By accepting a grant from the Heart Valve Financial Aid Fund patients are attesting that
they agree to use the grant funds only for expenses related to transportation, lodging,
mortgage or rent, utilities and nutrition. PAF reserves the right to request documentation
from patients demonstrating that the grant funds have been used only for expenses
related to transportation or lodging (e.g., receipts).
