My Resource Search is a free, easy to use, smart finder tool for on-the-go healthcare, financial and insurance help by the nation's leading patient organization – Patient Advocate Foundation.

My Resource Search allows both insured and uninsured patients the ability to quickly identify the community, national and charity programs that can assist in their healthcare needs.

Perfect for patients currently experiencing a health crisis, or providers who want to guide their patients to programs that may be able to reduce their barriers to care, this app can help!

Available for all Android and Apple phones and tablets.

35 ASSISTANCE CATEGORIES FOR HELP

Patients can quickly narrow resources to those that offer the exact help they need -- including options like screening services, insurance policy options, financial assistance for housing, utilities and transportation, clinical trial or medication assistance.

FIND LOCAL, COMMUNITY, AND NATIONAL HELP

My Resource Search is for patients in all states and territories facing a challenging medical diagnosis.
